

eSport Excellence Academy

AIM

Ripley Valley State Secondary College's vision is to create a world class educational precinct that caters for the diverse needs and interests of all our students. As part of our College's commitment to this vision the eSports Academy has been established to foster and develop skills, abilities, and participation of students in eSport Titles.

The eSports Academy aims to provide opportunities to all students of all backgrounds as well as establish a positive school culture that strives for excellence both in-game and in the classroom. Students who apply for the eSports Academy are students who are passionate about all facets of gaming, and are interested in a career within either the gaming, media, I.T or business industry. Students currently play one of the games listed within the criteria of the academy with either experience or willingness to learn League of Legends as they progress through the academy.

- The eSports Academy commences in year 7 and has pathways planned for students from year 7 to 12 and into further tertiary studies.

SELECTION CRITERIA

- Students who are interested in the program are invited to undertake a trial process during Year 6 through an EOI process. Students are selected into the eSport Excellence Academy based on their trial assessment, along with their need to demonstrate a high standard of technical/ tactical, physical and psychological abilities. Students will also be selected based on their capacity to work productively in a positive team environment.
