

Pathway Preparation Plan (PPP)

This Guide is intended to help you create your own PPP. The plan should be designed to map your individual learning pathway through the Senior Phase of Learning (Year 10-12). You can use your PPP to build on your strengths and to set you up for success in working towards the Queensland Certificate of Education or Certificate III level vocational qualification, and/or a viable work option. The self-reflection and career exploration involved in creating such a plan will also assist you to make well informed choices about higher education courses should your career aspirations necessitate completion of a university degree.

This PPP Booklet is to be completed and handed in at your PPP Interview. It is recommended you complete this information with your parents/carers.
